TERMS & CONDITIONS

I. Pricing

The provided price list is reflective of your local Eleganza Branch. Non-stocking items include freight for delivery to local branch with a minimum order requirement of 200sf. All products are priced out of their individual warehoused branch (FOB branch shipping from), not point of sale location. Please allow 5-7 business days for delivery. Prices and packaging are subject to change at any time without prior notification.

II. Special Order

Special order products are subject to a 50% non-refundable deposit and will only be ordered when deposit has been received in full by Eleganza.

III. Payments

Payment terms are Due on Receipt or Cash on Delivery unless account is an established term account. Returned checks are subject to a \$50 NSF fee and account will be placed on HOLD until debt is collected in full. Net account and mail in payments are sent to:

Eleganza Tiles, Inc.
ATTN: Accounts Receivable
3125 E. Coronado St.
Anaheim, CA 92806

IV. Hold Period

Orders will be held at no charge for 30 days with a valid Purchase Order. Orders that exceed 30 days may be cancelled without notification to customer unless a 35% non-refundable deposit is processed in which the order will be held for 90 days.

V. Parcel Package(s) Delivery:

Orders or samples that require parcel package shipping are subject to a \$10 shipping and handling fee.

Materials are thoroughly examined for damage prior too shipping and packed to prevent damage in transit. Eleganza is not liable for damage once material leaves the building. Any damage incurred in transit or noticed upon arrival must be addressed with the shipping company.

VI. Installation

Eleganza strongly recommends contacting a reliable, seasoned professional to install your ceramic tiles. All substrates should be cleaned and leveled before installation and with all rectangular tiles using more than a 33% offset as recommended by the Tile Council of North America (www.tcnatile.com). Dirt and debris on a substrate can interfere with tile adhesion while an uneven surface may lead to lippage, chipping and cracking under pressure. Please contact your installation professional for further details.

RETURN POLICY

All returns are subject to approval by management.

Customer has 5 business days from approval date to return material.

Only orders 30 days old or less from the original pick up date will be accepted.

A 20% restocking fee will be assessed to all returns, NO EXCEPTIONS.

Customer will be provided an RMA form via fax or email prior to return. Form must be completed in its entirety and presented upon return.

Must provide one of the following for reference:

- > Eleganza invoice number.
- > Eleganza order number.
- > Purchase order number.

Material will be inspected upon return. All boxes must be unopened, in original manufacturer packaging and in good salable condition as deemed by Eleganza Tiles.

Eleganza does not assume liability for damaged products nor will incur freight cost associated with returned merchandise via 3rd party freight. It is the sole responsibility of the returnee to package material properly when shipping 3rd party freight. All boxes of glass tile and mosaics must be packaged flat, tightly secured with straps and plastic wrap to ensure that it

mosaic tile boxes stacked upright will automatically be rejected.

Any material that has been cut, installed or otherwise handled other than unloading will automatically be rejected.

Characteristics

I. All ceramic products are subject to shade and caliber variation. There is no guarantee, expressed or implied, that shade and caliber is exact between different lots of the same series tile. Product approval from end user is recommended before material is shipped from customer's premises. It is not the responsibility of Eleganza to provide the same shade or caliber for any job continuation unless requested by customer in writing and with the stipulation that the material is in stock and available.

II. Industry standards recognizes that each box of tile is susceptible to 10% damage due to handling and transportation (i.e. chipped corners or edges); such pieces are to be used for cuts. If there is any breakage above the 10% threshold then a claim must be filed within 48 hours of use.

LIMITED WARRANTY

Eleganza sells first choice Ceramic and Porcelain tiles only. All tiles are manufactured according to ISO standards and meet or exceed these requirements. If our tile is proven to have a manufacturing defect, we will replace the tile free of charge. If the same material is not available, we will replace them with comparable material as determined by us. Labor charges are excluded from this warranty.

Buyer understands that all tiles are subject to variations in technical specifications, including coefficient of friction due to inherent variables in the raw materials and production process. Buyer must determine slip resistance suitability for any material used. Eleganza makes no warranty as to the suitability of its tile for any particular installation. Eleganza does not warrant that its tiles will not scratch, chip or show signs of wear over time. Eleganza makes no warranty or representations, either express, implied or constructive.

Eleganza and its Dealer & Distributor must be notified of any claims or defects immediately, but not later than 60 days after goods have been delivered. This notification must be in writing or sent by certified mail. Claims concerning shade, appearance, caliber, finish or obvious defects in first choice production must be communicated before the tile is installed. Installation of tile denotes acceptance; careful inspection before installation is recommended. No claims will be accepted for tile already installed or for defects in other than first choice material.

This limited warranty shall constitute the full extent of Eleganza's liability and is in place of all other warranties, express or implied, including the implied warranty of merchantability and the implied warranty of fitness for a particular purpose.

It is the responsibility of all Dealers/Distributors to advise the purchaser (end-user, customer, and or licensed contractor) to inspect all material to be used before installation. If any defects, extreme shade variation, or pattern inconsistency is detected it is the responsibility of the user to immediately report the problem and not cut or install the material. Any claim after installation will automatically be rejected.

Claim Procedure

If any product distributed by Eleganza is suspected to be defective then the following procedure must be followed to begin a claim:

I. The authorized Eleganza Dealer/Distributor is required to send a representative of their company to the job site to inspect the claim.

II. Photos of the claim and any available material will need to be provided to Eleganza for review.

III. A claim form will be provided by Eleganza and must be completed in its entirety and submitted no later than 7 days from the claim date.

IV. If the claim needs further review, Eleganza will send a representative to inspect any variables that may be a contributing factor.

V. If the claim is deemed the responsibility of Eleganza, our claims department will issue a return for any remaining product and advise of any assistance to rectify said claim
